1.The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2.Claims 7-10 and 13-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Japanese reference (2001-286743) in view of Japanese reference (10-052631) and further in view of Kozawa et al. (6,355,730) as set forth in the rejection of claims 1, 4-10 and 13-16 in the previous Office action.

3.Claims 1, 3-6, 11 and 12 are allowed.

4.Applicants' arguments filed August 10, 2007 have been fully considered but they are not persuasive. Applicants argue that, given the indicated allowability of claim 1 as amended, the prior art-based rejection of claims 1, 4-10 and 13-16 is moot such that no further comments concerning the prior art relied upon are considered necessary. This is not persuasive for the claims directed to the porous hollow fiber membrane since it is not clear that the method steps deemed to be patentable would result in the production of a porous hollow fiber membrane that is patentably distinct from the membrane of the prior art relied upon.

**5.THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 1732

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
